Support HAUNT

run by frontviews

HAUNT is a cultural space in Berlin-Tiergarten. With our year-round program of exhibitions, workshops, and educational offers, we have become an integral part of the local cultural scene.

Since 2020 **HAUNT** has been operated by **frontviews**, a diverse collective of more than 40 international artists and curators. Together we develop contemporary cultural projects. Our cohesion as a collective is based on a shared understanding of art as a socially inclusive and ecologically sustainable practice that brings people together both locally and internationally.

frontviews is a non-profit association. With your membership you are supporting our work and you are securing the future of **HAUNT** as a place for artistic exchange, experimentation and participation.

Your membership helps us to:

· secure a diverse program for the long term.
· realise international art projects.
· inspire people from the neighborhood to engage with art.
· strengthen our independent cultural policy work.

With this membership you will receive:

· an exclusive annual gift by an artist from the collective.
· **frontviews** editions at half price.
· personal invitations to special events.
· a donation receipt for tax purposes.

Develop a diverse art scene in Berlin together with us!
